duce the measure, a proposal for which the water whole country is writing with all fit eyes and care.

The Government is not prepared; the Government has facts no steps wasterer to prepare itself upon this question. I know this is the the fact. Lord Palmersten has gone to his seconts after the months; Earl Rassell came into office on the credit of a Reform IIII, to be introduced under the asspices of his administration; and yet no steps have been taken in the Government Bureau to prepare the necessary information. But the part the necessary information to be laid before Parlament. Thus necessary information is just commoncing do be taken; and it is being taken on the ground of proving that a large, or not inconsiderable portion of our working class already possess the suffrage; in other works, that there is no pressing amounting the state of the control of the con

he brought forward during the ensuing week; it will be based upon the correspondence between Mr. Seward and Lords [arendon and Russell, which has been laid before Parliamont.

MISSURBLAL CHANGE.

SIX CHANGE Wood has resigned his east in the Cabinet as recreatary of State for India. This step has been prescribed by his late sovere necklend while hunting, but I have not beard that his injuries are sufficiently great to compel his retirement from Parliamentary (life. Six Charles is succeeded) in the India office by our present Secretary at War, Earl De Groy, a very competent excentive officer, were considered excentive officer.

BOUNTIES TO COLORED SOLDIERS

The results of the late convention of the late convention of the late convention of the late of the la

recen the President and our Representatives in Congress.

A causes was held the night before the Convention, in the Hall of the House of Representatives, for the purpose of considering the report of a committee which had been in associated in the committee which had been in associated in the committee which had been in associated with the convention of the designate had serviced, but the hall, when mit to overflowing, failed to give attending room for more than a moiety of those who cought similaries.

The president properties of the delegate was made unmistakably manifest. The briends of the President could not represent the freation of one-fourth the total representation, and the bitter species of the delegate was made unmistakably analigst. The briends of the bitter species out not not present the freation of one-fourth the total representation, and the bitter species and rebellious threats of their issues only served to still farther diminish it. The causes adjourned without barries also

one-fourth the fotal representation, and the chatter specches and rebellious threats of their insafers only served to still facther diminish it. The cancers only served to still facther diminish it. The cancers only served to still facther diminish it. The cancer of the control of the contr
